

## A classic design featuring beauty and durability.

Get the classic look of standing seam metal roofing in 24 gauge steel from Fabral. 1 1/2" SSR Standing Seam is always a smart choice for residential or commercial new construction or re-roofing applications. Its narrow batten seams offer aesthetic elegance, while its clips provide ease of installation and thermal movement. Fabral's 1 1/2" SSR is designed to perform at optimum levels year after year, providing excellent durability in all types of weather including rain, wind and snow.

1 1/2" SSR is available in nine specially formulated Enduracote® paint colors and Acrylic Coated Galvalume with a full line of complementary trim and accessories available - all of which are ENERGY STAR® approved.

White (899)

## ENDURACOTE

PREMIUM DEFENSE  
Against the Elements

Enduracote® is a paint system that takes performance to the next level. Based on cutting edge resin technology, this system offers unbeatable durability and superior long-term performance against the elements. Enduracote is the choice for low maintenance, lasting beauty and outstanding value.

### Warranty:

Lifetime film integrity warranty for walls and roofs  
30-year warranty against fade and chalk for walls and roofs

20-year non-perforation warranty

Oil canning can be caused by many factors and is not cause for rejection. If oil canning occurs, the installation of an ethofoam backer rod under the center of the panels can significantly improve the appearance.
